Maintenance of beneficial colloids, colors, and flavors
- 2 High safety:
Microbiologically unsurpassed retention
- 3 First-ever drip-free filtration:
Almost no product loss
- 4 Produced from high-purity cellulose:
Natural and biodegradable
- 5 Environmentally friendly:
Saves up to 50% of water during neutral rinsing and backwashing
- 6 Saves time and money:
Efficiency increased up to 20%

BECOPAD® Depth Filter Media

The most gentle filtration for premium wines. For full maintenance of valuable taste, flavors, and colors use BECOPAD Depth Filter Media.

Powering Business Worldwide

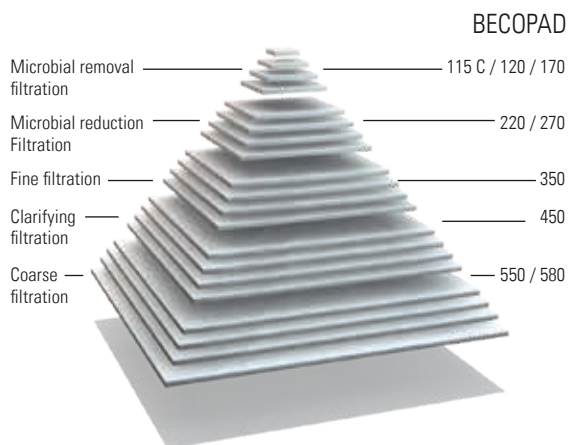

Natural and Pure

It all starts in the vineyard

Our aim is to bring the fruits of your hard labor from the vineyard into the bottle – natural and pure. BECOPAD depth filter media supports this process.

For the first time the revolutionary and innovative BECOPAD depth filter media makes it possible to combine the strictest standards of microbiological safety with the full maintenance of valuable colors and flavors, making this the best thing that could ever happen to your premium wine.

BECOPAD depth filter media is available in nine grades of clarifying sharpness, from coarse to microbial removal filtration..
